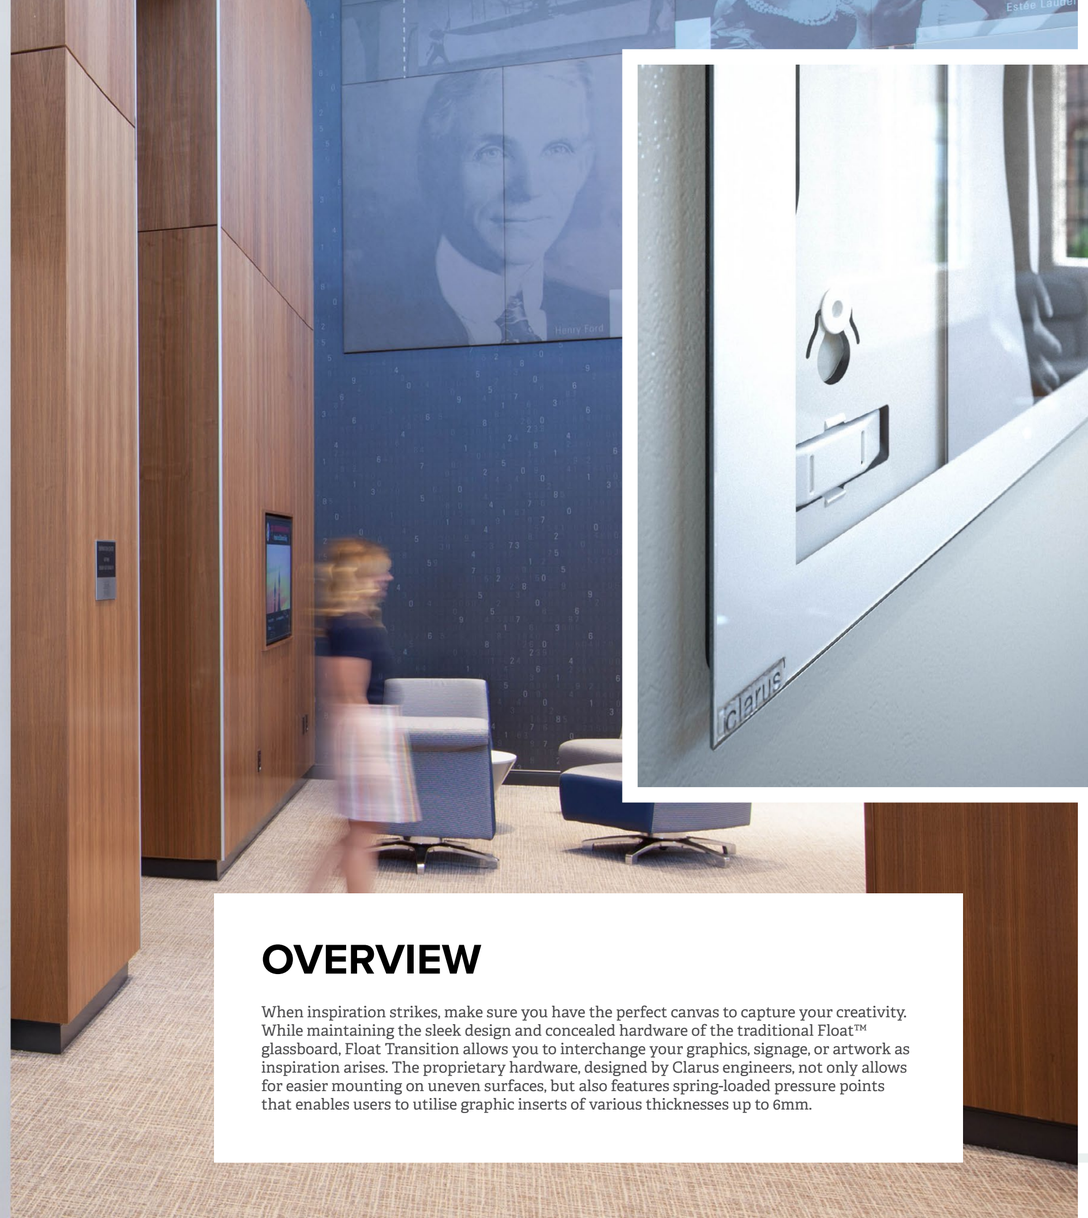
FLOAT™ TRANSITION

Change is constant. Transition is key.

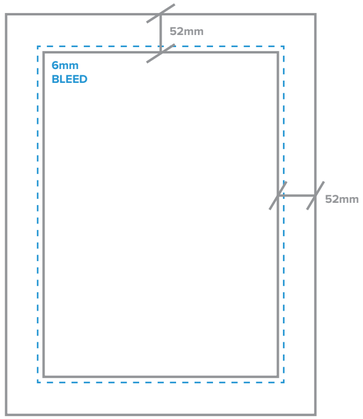
clarus



OVERVIEW

When inspiration strikes, make sure you have the perfect canvas to capture your creativity. While maintaining the sleek design and concealed hardware of the traditional Float™ glassboard, Float Transition allows you to interchange your graphics, signage, or artwork as inspiration arises. The proprietary hardware, designed by Clarus engineers, not only allows for easier mounting on uneven surfaces, but also features spring-loaded pressure points that enables users to utilise graphic inserts of various thicknesses up to 6mm.

SIZING OPTIONS



Please note: The 52mm back painted, glass frame margin on each side of the Float Transition board should be added to the graphics sizes listed below.

Allow for a 6mm bleed on graphics.

(i.e. 400mm x 600mm graphic = 452mm x 652mm Float Transition board)

GRAPHIC METRIC SIZES (MM)
330 x 700
400 x 600
500 x 700
600 x 800
700 x 1000
800 x 1200
